Death and dying were not in the main focus of the denominational conflicts of the 16th century. However, pious literature covered these topics again and again, not only before the Reformation, but after it as well

This volume contains papers presented at the Second RefoRC Conference in Oslo in 2012, and is characterized by a multiconfessional and multidisciplinary approach, with contributions from Church History, Art History, Archaeology, History of Literature and Cultural History. Within a field of research dominated by specialized contributions, the broad approach of this volume may further stimulate to comparative and cross-confessional reflection
