

CONTENTS

Contributors, xix	
Foreword, xxiii	
Preface, xxv	
Acknowledgments, xxvii	
Introduction, xxix	
PART I Non-neoplastic Hematology	1
CHAPTER ONE	
Non-neoplastic Disorders of White Blood Cells	3
Rebecca A. Levy, Vandita P. Johari, and Liron Pantanowitz	
Overview of WBC Production and Function, 3	
Leukocytes, 3	
Leukemoid Reaction, 4	
Left Shift, 5	
Quantitative Disorders of WBCS, 6	
Disorders of Neutrophils, 6	
Disorders of Lymphocytes, 12	
Disorders of Plasma Cells, 16	
Disorders of Monocytes, 16	
Disorders of Eosinophils, 18	
Disorders of Basophils, 20	
Qualitative Disorders of WBCS, 21	
Congenital Disorders of Leukocytes, 21	
Acquired Disorders of Leukocytes, 26	
References, 26	
CHAPTER TWO	
Non-neoplastic Disorders of Platelets	31
Lija Joseph	
Platelet Production Structure and Function, 31	
Production, 31	
Structure and Function, 31	
Quantitative Disorders of Platelets, 33	
Thrombocytopenia, 33	
Thrombocytopenia in Adults, 36	
Qualitative Disorders of Platelets, 39	
Congenital Causes of Defects in Platelet Function, 39	
Acquired Defects in Platelet Function, 41	
Laboratory Tests used to Assess Platelet Function, 41	
References, 43	
CHAPTER THREE	
Approach to Disorders of Red Blood Cells	45
Jason C. Ford	
Introduction, 45	
The Anemias, 45	
The Complete Blood Count, 46	
The MCV Approach to Anemia: Three Lists of Causes, 46	
The Pathogenetic Approach to Anemia: Two Possible Mechanisms, 47	

Peripheral Smear Morphology: The Most Important Test, 49

Poikilocytosis and Its Clinical Associations, 50

The Approach to Anemia, 50

The Approach to Microcytic Anemia, 51

The Approach to Normocytic Anemia, 53

The Approach to Hemolysis, 54

The Approach to Macrocytic Anemia, 60

The Polycythemias, 63

References, 63

CHAPTER FOUR

Microcytic, Normocytic, and Macrocytic Anemias

65

Reza Setoodeh and Loveleen C. Kang

Microcytic Anemias, 65

Iron Deficiency Anemia (IDA), 66

Anemia of Chronic Disease (ACD), 68

Thalassemia, 70

Sideroblastic Anemia, 72

Lead Poisoning, 74

Normocytic Anemias, 74

Hemolytic Anemia, 75

Enzymopathies, 77

Acquired Membrane Defect, 79

Extracorpuscula Defects, 80

Nonhemolytic Normocytic Anemia, 81

Macrocytic Anemias, 81

Megaloblastic Anemia, 82

Nonmegaloblastic Macrocytic Anemia, 85

References, 86

CHAPTER FIVE

Disorders of Hemoglobin

89

Parul Bhargava

Overview, 89

Historical Background, 89

Structure, 89

Synthesis, 89

Genetics, 89

Quantitative Disorders of Hemoglobin, 89

Alpha Thalassemia, 89

Beta Thalassemia, 93

Delta Thalassemia, 94

Gamma Thalassemia, 95

Delta-Beta Thalassemias, 95

Hereditary Persistence of Fetal Hemoglobin, 96

Qualitative Disorders of Hemoglobin, 97

Hemoglobin S, 97

Hemoglobin C, 98

Hemoglobin E, 100

Hemoglobin D, 101

Mixed–Quantitative Qualitative Disorders of Hemoglobin, 104

Double Heterozygous States, 105

Thalassemia-Hemoglobinopathy, 105

Hemoglobinopathy—Hemoglobinopathy Double Heterozygosity, 105

Thalassemia—Thalassemia Double Heterozygosity, 105

Approach to Diagnosis of Hemoglobin Disorders, 106

Lab Diagnosis of Thalassemias, 106

Lab Diagnosis of Hemoglobinopathies, 107

Additional Laboratory Testing Methods in the Evaluation of Hemoglobinopathies, 110

References, 111

PART II Infectious Aspects of Hematology

113

CHAPTER SIX

Apicomplexal Parasites of Peripheral Blood, Bone Marrow, and Spleen: The Genera *Plasmodium*, *Babesia*, and *Toxoplasma*

115

Lynne S. Garcia

Plasmodium, 115

Life Cycle, 115

Epidemiology, 116

Clinical Disease, 118

Pathophysiology, 118

Diagnosis, 122

Treatment and Drug Resistance, 125

Drug and Vaccine Development, 125

Babesia, 125

Life Cycle, 126

Epidemiology, 126

Clinical Disease, 127

Pathophysiology, 127
Diagnosis, 127
Treatment, 127
Toxoplasma, 128
Life Cycle, 128
Epidemiology, 129
Clinical Disease, 130
Pathophysiology, 130
Diagnosis, 131
Evaluation, Interpretation, and Result Reporting, 134
Treatment, 134
 References, 134

CHAPTER SEVEN

Blood and Tissue Flagellates of the Class Kinetoplastidea: The Genera *Leishmania* and *Trypanosoma* 139
Raul E. Villanueva and Stephen D. Allen
Leishmaniasis, 139
Life Cycle, 139
Epidemiology, 139
Clinical Syndromes, 140
Differential Diagnosis, 142
Diagnosis, 142
Therapy, 145
Chagas' Disease, 145
Life Cycle, 145
Epidemiology, 146
Clinical Syndromes, 147
Differential Diagnosis, 148
Diagnosis, 148
Therapy, 149
African Trypanosomiasis, 150
Life Cycle, 150
Epidemiology, 150
Clinical Syndromes, 151
Differential Diagnosis, 153
Diagnosis, 153
Therapy, 155
 References, 155

CHAPTER EIGHT

Proteobacteria and Rickettsial Agents: Human Granulocytic Anaplasmosis and Human Monocytic Ehrlichiosis 159
Sheldon Campbell and Tal Oren
Microbiology and Epidemiology of HGA and HME, 159
Clinical Syndromes, 160
Differential Diagnosis, 160
Diagnostic Approach, 161
Prevention and Treatment, 163
 References, 163

CHAPTER NINE

Clinically Significant Fungal Yeasts 165
Ramon L. Sandin
Introduction, 165
Histoplasma capsulatum var. *capsulatum* (*H. capsulatum*), 166
Definition, 166
Synonyms, 167
Epidemiology, 167
Clinical Aspects and Pathophysiology, 167
Differential Diagnosis, 168
Treatment of Choice and Prognosis, 168
Approach to Diagnosis, 168
Newer Diagnostic Modalities, 169
Blastomyces dermatitidis, 170
Definition, 171
Synonyms, 171
Epidemiology, 171
Clinical Aspects and Pathophysiology, 171
Differential Diagnosis, 172
Treatment of Choice and Prognosis, 172
Approach to Diagnosis, 172
Coccidioides immitis, 174
Definition, 174
Synonyms, 174
Epidemiology, 174
Clinical Aspects and Pathophysiology, 175
Differential Diagnosis, 175

<i>Treatment of Choice and Prognosis, 175</i>	
<i>Approach to Diagnosis, 175</i>	
Cryptococcus neoformans, 178	
<i>Definition, 178</i>	
<i>Synonyms, 178</i>	
<i>Epidemiology, 178</i>	
<i>Clinical Aspects and Pathophysiology, 178</i>	
<i>Differential Diagnosis, 179</i>	
<i>Treatment of Choice and Prognosis, 179</i>	
<i>Approach to Diagnosis, 179</i>	
Candida albicans and other Candida Species, 183	
<i>Definition, 184</i>	
<i>Synonyms, 185</i>	
<i>Epidemiology, 185</i>	
<i>Clinical Aspects and Pathophysiology, 185</i>	
<i>Differential Diagnosis, 186</i>	
<i>Treatment of Choice and Prognosis, 186</i>	
<i>Approach to Diagnosis, 186</i>	
Malassezia furfur, 188	
<i>Definition, 188</i>	
<i>Synonyms, 188</i>	
<i>Epidemiology, 188</i>	
<i>Clinical Aspects and Pathophysiology, 189</i>	
<i>Differential Diagnosis, 190</i>	
<i>Treatment of Choice and Prognosis, 190</i>	
<i>Approach to Diagnosis, 192</i>	
References, 193	
CHAPTER TEN	
Hematologic Aspects of Tropical Infections	195
Deniz Peker	
Anemia in Tropical Infections, 195	
<i>Malaria, 195</i>	
<i>Babesiosis, 196</i>	
<i>Visceral Leishmaniasis (Kala-Azar), 197</i>	
<i>Trypanosomiasis, 197</i>	
<i>Amoebiasis, 198</i>	
<i>Giardiasis, 198</i>	
<i>Tuberculosis, 198</i>	
<i>Human Immune Deficiency Virus, 199</i>	
<i>Hookworms, 200</i>	
<i>Schistosomiasis, 201</i>	
<i>Trichuriasis, 202</i>	
Vascular Purpuras, 202	
<i>Viral Hemorrhagic Fever—Yellow Fever, 202</i>	
<i>Defective Platelet Function—Lassa Fever, 203</i>	
References, 203	
PART III Non-neoplastic Lymph Node Pathology and Infections	205
CHAPTER ELEVEN	
Classification of Reactive Lymphadenopathy	207
Hernani D. Cualing	
Introduction, 207	
<i>Definition, 209</i>	
<i>Synonyms, 209</i>	
<i>Epidemiology, 210</i>	
<i>Processing of a Lymph Node, 211</i>	
<i>Gross Appearance, 212</i>	
<i>Morphologic Approach, 214</i>	
<i>Normal Lymph Node Histology, 216</i>	
<i>Patterns of Reactions, 224</i>	
References, 229	
CHAPTER TWELVE	
Lymph Node Biology, Markers and Disease	231
Hernani D. Cualing	
Peripheral Lymphoid Tissue, 231	
Pathophysiology, 231	
Cortex, 232	
<i>Generation of Germinal Centers, 232</i>	
<i>Cytology, 232</i>	
<i>Immunophenotypic Markers, 235</i>	
<i>Mantle Zones, 237</i>	
<i>Monocytoid B Cell and Marginal Zones B Cells, 237</i>	
<i>Germinal Center T Cells, 239</i>	
<i>Follicular Dendritic Cells, 239</i>	
Paracortex, 240	
<i>T-Cell Reaction, 240</i>	
<i>Perivenular Sinus, 240</i>	
<i>Dendritic Cells, 241</i>	
<i>Pathogens and Dendritic Cells, 241</i>	
<i>NK Cells, 241</i>	
<i>Plasmacytoid Dendritic Cells, 241</i>	

Sinus Histiocytes, 242
Foamy Histiocytosis, 242
Signet Ring Histiocytosis, 242
Pigmented Histiocytes, 242
Parasitophorous Vacuoles, 242

Epithelioid Histiocytes
 and Granulomas, 243

Nodal Framework, 243
*The Composite Nodule and Extranodular
 Compartment Concept*, 243
Transformation in Extranodule, 243
Granulomas, 244
*Extranodal or Ectopic Lymphoid
 Tissue*, 245
 References, 246

CHAPTER THIRTEEN

Lymphadenopathy with Predominant Follicular Patterns 249

**Shohreh Iravani Dickinson, Jun Mo, and
 Hernani D. Cualing**

Germinal Center Hyperplasia, 249
Florid Follicular Hyperplasia, Nonspecific, 249
Immunophenotyping, 252
 Regressive Transformation of Germinal Center
 (Atrophic) Pattern, 256
Castleman's Hyaline Vascular Pattern, 256
Immunophenotyping/Cytochemistry, 262
*Atrophic Follicular or Germinal Center Pattern in
 Primary Immunodeficiency Diseases*, 265
 Progressive Transformation of Germinal Center
 Pattern, 267
 Marginal Zone Hyperplasia and Mantle Cell
 Hyperplasia, 273
Mantle Cell Hyperplasia, 273
Marginal Zone Pattern, 274
 Reactive Follicular Pattern, Mixed with Other
 Patterns, Specific Entities, 276
*HIV-Persistent Generalized Lymphadenopathy and
 Involution Phase of HIV-Related
 Lymphadenopathy*, 276
*Regressed (Atrophic) Germinal Centers
 Pattern*, 277
 Mixed Pattern with Follicular Hyperplasia,
 Microgranulomas, Monocytoid
 Hyperplasia, 278

Toxoplasmic Lymphadenopathy, 278
 Follicular Hyperplasia with Capsular Fibrosis
 and Plasmacytosis-Syphilis, 282
 References, 284

CHAPTER FOURTEEN

Reactive Lymphadenopathy with Paracortical Pattern, Noninfectious Etiology 291

Ling Zhang and Jeremy W. Bowers

Paracortical Hyperplasia, 291
Definitions, 291
Synonyms, 292
Epidemiology, 292
Clinical Aspects, 293
Approach to Diagnosis, 294
 Dermatopathic Lymphadenopathy, 297
Definition, 297
Synonyms, 297
Epidemiology, 297
Clinical Aspects, 298
Approach to Diagnosis, 298
Morphologic Aspects, 298
 Reactive Immunoblastic
 Proliferation, 301
Definition, 301
Synonyms, 301
Epidemiology, 301
Clinical Aspects, 302
Approach to Diagnosis, 302
 Postvaccinal Lymphadenitis, 307
Definition, 307
Synonyms, 307
Epidemiology, 307
Clinical Aspects, 307
Approach to Diagnosis, 308
 Drug-Induced Lymphadenopathy, 309
 Anticonvulsant (Phenytoin)-Related
 Lymphoproliferative Disorder, 309
Definition, 309
Synonyms, 309
Epidemiology, 310
Clinical Aspects, 310
Approach to Diagnosis, 310

Methotrexate-Related Lymphoproliferative Disorder, 312
Definition, 312
Epidemiology, 312
Clinical Aspects, 312
Approach to Diagnosis, 313
 References, 315

CHAPTER FIFTEEN

Reactive Lymphadenopathy with Diffuse Paracortical Pattern—Infectious Etiology 323

Jeremy W. Bowers and Ling Zhang

Introduction, 323
 Infectious Mononucleosis
 Lymphadenitis, 323
 Definition, 323
 Synonyms, 324
 Epidemiology, 324
 Clinical Aspects, 325
 Pathogenesis, 326
 Approach to Diagnosis, 326
 Cytomegalovirus Lymphadenitis, 329
 Definition, 329
 Synonyms, 329
 Epidemiology, 329
 Clinical Aspects, 330
 Pathogenesis, 331
 Approach to Diagnosis, 331
 Herpes Simplex Virus Lymphadenitis, 333
 Definition, 333
 Synonym, 333
 Epidemiology, 333
 Clinical Aspects, 334
 Pathogenesis, 334
 Approach to Diagnosis, 335
 Varicella Zoster Lymphadenitis, 337
 Definition, 337
 Synonyms, 337
 Epidemiology, 337
 Clinical Aspects, 337
 Pathogenesis, 338
 Approach to Diagnosis, 338
 References, 340

CHAPTER SIXTEEN

Reactive Lymphadenopathy with Sinus Pattern 347

Hernani D. Cualing

Sinuses and Vascular Supply, 347
 Sinus Histiocytosis, Nonspecific, 347
 Definition, 348
 Synonym, 348
 Incidence, 348
 Normal Histology and Function, 348
 Relation to Cancer and Sinus Histiocytosis
 Grading, 349
 Immunohistochemistry, 350
 Special Types of Sinus Reaction, 350
 Differential Diagnosis of Sinus Histiocytosis, 351
 Signet Ring Histiocytosis, 354
 Definition, 354
 Incidence, 354
 Histology, 354
 Cytochemistry/Immunohistochemistry, 355
 Differential Diagnosis, 355
 Sinus Histiocytosis with Massive Lymphadenopathy (or Rosai–Dorfman Disease), 355
 Definition, 355
 Synonyms, 355
 Epidemiology, 355
 Etiology, 355
 Pathogenesis, 355
 Clinical Aspects, 356
 Immunohistochemistry/Cytochemistry, 356
 Differential Diagnosis, 357
 Treatment of Choice and Prognosis, 357
 Pigmented Sinus Histiocytic Pattern Secondary to Iron Overload from Hemochromatosis, Transfusion, or Hemolysis, 357
 Definition, 357
 Epidemiology, 357
 Pathogenesis, 358
 Clinical Features, 358
 Differential Diagnosis, 358
 Treatment, 359
 Histiocytic Reaction to Foreign Matter, 359

Definition, 359	
Lymphangiographic Effect, 359	
Morphology, 359	
Differential Diagnosis, 359	
Hip Replacement Adenopathy, 360	
Sinus Pattern from Extramedullary Hematopoiesis, 361	
Definition, 361	
Epidemiology, 361	
Etiology, 361	
Approach to Diagnosis, 362	
Morphology, 362	
Differential Diagnosis, 362	
Immunohistochemistry, 363	
Treatment, 363	
Immature "Sinus Histiocytosis" or Monocytoid B-Cell Hyperplasia, 363	
Location of Marginal Zone Cells, 363	
Location of Monocytoid B Cells (MBCs), 364	
Differential Diagnosis, 364	
Relationship of MBCs and Marginal Zone Hyperplasia, 364	
Reactive Hemophagocytic Syndromes, 365	
Definition, 365	
Synonyms, 365	
Etiology, 365	
Morphology, 365	
Pathogenesis, 365	
Vascular Transformation of Sinuses (VTS), 366	
Definition, 366	
Synonyms, 366	
Epidemiology, 366	
Etiology, 366	
Pathophysiology, 366	
Clinical Aspects, 366	
Sites of Involvement, 366	
Approach to Diagnosis, 366	
Morphologic Aspects, 367	
Immunohistochemistry/Cytochemistry, 368	
Differential Diagnosis, 368	
Treatment of Choice and Prognosis, 368	
Whipple's Disease (WD) Lymphadenopathy, 368	
Definition, 368	
Synonyms, 368	

Epidemiology and Geolocation, 368	
Etiology, 369	
Pathogenesis, 369	
Clinical Aspects, 369	
Sites of Involvement, 369	
Approach to Diagnosis, 369	
Morphologic Aspects, 369	
Immunohistochemistry/Cytochemistry, 370	
Differential Diagnosis, 370	
Treatment of Choice and Prognosis, 370	
References, 370	

CHAPTER SEVENTEEN

Mixed Lymph Node Patterns: Stromal and Histiocytic Reactions, Noninfectious 375

Hernani D. Cualing

Proteinaceous Lymphadenopathy Including Immunoglobulin Deposition Lymphadenopathy, 375	
Definition, 375	
Synonyms, 375	
Etiology, 375	
Morphology, 375	
Immunohistochemistry/Cytochemistry, 376	
Differential Diagnosis, 376	
Treatment, 377	

Lymph Node Fibrosis or Fibrotic Changes, Nonspecific, 377

Definition, 377	
Clinical Aspects, 377	
Pathogenesis, 377	
Morphology, 378	
Differential Diagnosis, 378	
Treatment, 378	

Inflammatory Pseudotumor of Lymph Nodes, 379

Definition, 379	
Synonyms, 379	
Etiology, 379	
Laboratory Findings, 380	
Sites of Involvement, 380	
Approach to Diagnosis, 380	
Morphologic Aspects, 380	
Immunohistochemistry/Cytochemistry, 380	
Differential Diagnosis, 381	

- Treatment of Choice and Prognosis, 383*
- Fatty Replacement or Fatty Changes, Nonspecific, 383
 - Definition, 383*
 - Synonyms, 383*
 - Etiology, 383*
 - Sites of Involvement, 383*
 - Morphologic Aspects, 383*
 - Differential Diagnosis, 384*
- Tumor Reactive Granulomas, 384
 - Definition, 384*
 - Synonym, 384*
 - Epidemiology, 384*
 - Clinical Associations, 384*
 - Morphology, 384*
 - Differential Diagnosis, 385*
 - Treatment, 386*
- References, 386

CHAPTER EIGHTEEN

- Mixed Lymph Node Patterns: Including Granulomatous Lymphadenopathy, Noninfectious 389**
 - Xiaohui Zhang and Hernani D. Cualing***
 - Mixed Pattern with Follicular Hyperplasia and Eosinophilia, 389
 - Kimura's Disease, 389*
 - Allergic Granulomatosis/Churg–Strauss Syndrome, 393*
 - Mixed Nonnecrotizing “Dry” Granulomas, 396
 - Sarcoidosis, 396*
 - Berylliosis, 401*
 - Crohn's Disease, 401*
 - Primary Biliary Cirrhosis, 402*
 - Mixed Pattern with Hemorrhage and Infarction, 404
 - Fine Needle Associated Changes, 404*
 - Lymph Node Infarction, 405*
 - Mixed Necrotizing Pattern with No or Minimal Granulomas, 406
 - Lupus Erythematosus, 406*
 - Kawasaki's Disease, 409*
 - Necrotizing Nonsuppurative Granulomas, 410
 - Kikuchi–Fujimoto's Lymphadenitis/Kikuchi Disease, 410*

- Necrotizing Suppurative Granulomas, 413
 - Chronic Granulomatous Disease of Children, 413*
- Granulomatous Change within Germinal Centers, 415
 - Henoch–Schönlein Purpura, 415*
 - Children with Shock or Bacteremia, 417*
- Mixed Pattern with Plasmacytosis, 418
 - Rheumatoid Arthritis Lymphadenopathy, 418*
 - Plasma Cell (Mott Cell) Granuloma, 419*
- References, 420

CHAPTER NINETEEN

- Mixed Patterns in Lymph Node, Suppurative Necrotizing Granulomatous Infectious Lymphadenopathy 427**
 - Hernani D. Cualing and Gary Hellerman***
 - Cat-Scratch Disease, 427
 - Definition, 427*
 - Synonyms, 427*
 - Epidemiology, 427*
 - Etiology, 428*
 - Pathophysiology, 428*
 - Sites of Involvement, 428*
 - Diagnosis, 428*
 - Laboratory Findings, 428*
 - Morphology, 428*
 - Immunohistochemistry/Cytochemistry, 429*
 - Differential Diagnosis, 429*
 - Course and Prognosis, 431*
 - Tularemia, 431
 - Definition, 431*
 - Synonyms, 431*
 - Epidemiology, 431*
 - Etiology, 431*
 - Approach to Diagnosis, 431*
 - Treatment of Choice and Prognosis, 433*
 - Lymphogranuloma venereum, 433
 - Definition, 433*
 - Synonyms, 433*
 - Epidemiology, 433*
 - Etiology, 433*
 - Pathogenesis, 433*
 - Sites of Infection, 433*
 - Approach to Diagnosis, 434*

<i>Treatment</i> , 434	
Chancroid, <i>H. ducreyi</i> , 434	
<i>Definition</i> , 434	
<i>Synonyms</i> , 434	
<i>Epidemiology</i> , 434	
<i>Etiology</i> , 434	
<i>Pathophysiology</i> , 434	
<i>Site of Infection</i> , 435	
<i>Treatment</i> , 435	
<i>Yersinia enterocolitica</i> /pseudotuberculosis	
Lymphadenitis, 435	
<i>Definition</i> , 436	
<i>Synonyms</i> , 436	
<i>Epidemiology</i> , 436	
<i>Etiology</i> , 436

CHAPTER TWENTY

Mixed Patterns: Emergent/Tropical Infections with Characterized Lymphadenopathy 447

Hernani D. Cualing

Mixed Pattern with Granulomas and Diagnostic Microorganisms, 447	
<i>Filariasis</i> , 447	
Lymphadenopathy Secondary to Localized Filariasis, 449	
<i>Dirofilaria spp. in Subcutaneous Lymph Node</i> , 449	
<i>Bancroftian spp. Lymphadenopathy</i> , 451	
<i>Brugia spp. Lymphadenopathy</i> , 452	
<i>Loa Loa Lymphadenitis</i> , 452	
<i>Tropical (Filarial) Eosinophilia Diagnosed by Tissue Biopsy</i> , 453	
Schistosomiasis, 453	
Leishmaniasis, 454	
Mixed Pattern with Granulomas and Foamy Macrophages, 457	
<i>Leprosy</i> , 457	
Mixed Pattern with Deposition of Interstitial Substance, 459	
<i>Pneumocystis jiroveci Lymphadenitis</i> , 459	
Mixed Pattern with Caseation Necrosis, 461	
<i>Mycobacteria tuberculosis, BCG Lymphadenitis, and Systemic Fungal Lymphadenitis</i> , 461	
Mixed Pattern Atypical Mycobacterial Infections in AIDS, 463	
<i>Bacillus Calmette–Guérin Lymphadenopathy</i> , 466	
Mixed Pattern with Angiomatoid Change, 467	
<i>Bartonella bacilliformis Bacillary Angiomatosis</i> , 467	
Mixed Pattern with Spent Granulomas and Extracellular Organisms, 470	
<i>Histoplasmosis Secondary to H. capsulatum</i> , 470	
<i>Subclinical Histoplasmosis: Fibrotic Granulomas</i> , 470	

Acute Histoplasmosis, 471
African Histoplasmosis Secondary to H. capsulatum var duboisii, 474
References, 476

CHAPTER TWENTY-ONE

Cytopathology of Non-neoplastic and Infectious Lymphadenopathy 481

Sara E. Monaco, Liron Pantanowitz, and Walid E. Khalbuss

Technical Components, 483
Approach to Cytomorphologic Evaluation of Lymph Nodes, 484
FNA Reporting Terminology, 485
Intraoperative Touch Preparation, 487
Reactive Lymphoid Hyperplasia, 487
Differential Diagnosis, 487
Inflammatory and Infectious Causes of Lymphadenopathy, 488
Acute Suppurative Lymphadenitis, 488
Cat-Scratch Lymphadenitis, 489
Granulomatous Lymphadenitis, 489
Mycobacterial Lymphadenitis, 491
Fungal Lymphadenitis, 492
Sarcoidosis, 493
Toxoplasma Lymphadenitis, 494
Herpes Simplex Virus Lymphadenitis, 494
Infectious Mononucleosis Lymphadenitis, 495
HIV-Associated Lymphadenopathy, 496
Leishmania Lymphadenitis, 497
Other Causes of Lymphadenopathy, 497
Histiocytic Necrotizing Lymphadenitis, 497
Kimura Disease, 498
Sinus Histiocytosis with Massive Lymphadenopathy, 498
Dermatopathic Lymphadenitis, 499
Castleman Disease, 500
Extramedullary Hematopoiesis, 500
Foreign Body or Iatrogenic Related Changes in Lymph Nodes, 501
Non-neoplastic Inclusions in Lymph Node, 502
Autoimmune Lymphoproliferative Syndrome, 502
Lymphadenopathy in Autoimmune Diseases, 503
Lymphadenopathy in the Pediatric Patient, 504
Use of Ancillary Studies, 504

Flow Cytometry, 504
Microbiology Culture, 504
Immunohistochemistry and Special Stains, 505
In-situ Hybridization, 506
Fluorescence Microscopy, 506
Molecular Studies, 506
FISH, 506
PCR, 506

CHAPTER TWENTY-TWO

Mixed Patterns In Lymph Node: Tropical Infectious Lymphadenopathy and Hematopathology, Not Otherwise Characterized 511

Hernani D. Cualing

Introduction, 511
Hemorrhagic Lymphadenopathy, 511
Anthrax, 511
Rocky Mountain Spotted Fever, 515
Sinus Pattern, 517
Bubonic Plaque, 517
Leptospirosis, 520
Scrub Typhus, 523
Diffuse Pattern with Depletion and Atypical Immunoblastic Reaction, 525
Dengue, 525
Human Monocytic Ehrlichiosis Lymphadenopathy, 527
Human Granulocytotropic (or Granulocytic) Anaplasmosis, 529
Lassa Hemorrhagic Fever, 530
Nipah Virus, 531
Unusual Granulomas Q Fever, 531

PART IV Non-neoplastic Findings in Bone Marrow Transplantation 537

CHAPTER TWENTY-THREE

Non-neoplastic Hematopathology of Bone Marrow Transplant and Infections 539

Taiga Nishihori and Ernesto Ayala

Introduction, 539
Fundamental Principles of Hematopoietic Cell Transplantation (HCT), 539

Characteristics of Pretransplant Bone Marrow, 542

Hematopoietic Regeneration, 542

Chimerism, 543

Post-Transplantation Marrow, 543

First Week after Transplant, 543

Second Week after Transplant, 545

Third Week after Transplant, 545

First Month after Transplant, 545

Second Month after Transplant, 546

Beyond Third Month after Transplant, 546

Complications of Hematopoietic Regeneration, 547

Dyshematopoiesis, 547

Hypocellular or Acellular Marrow, 547

Pure Red Cell Aplasia, 547

Residual Neoplastic Marrow, 548

Recurrent Disease, 548

Graft-versus-Host Disease (GVHD), 549

Granulomas and Infectious Disease in the Marrow, 549

Conclusion, 551

References, 552

Index, 559
