Part I Basic Principles for Oncoplastic and Reconstructive Breast Surgery

1	Oncoplastic Surgery: Blending Science and Art	3
	Gail S. Lebovic	
2	Oncoplastic and Reconstructive Anatomy of the Breast	13
	Cicero Urban, Mario Rietjens, Flavia Kuroda and James Hurley II	
3	Breast Imaging	23
	Linei Urban and Cicero Urban	
4	Breast Cancer Pathology	45
	Mauro G. Mastropasqua	
5	Molecular Classification and Prognostic Signatures of Breast Tumors	55
	Luciane R. Cavalli and Iglennir J. Cavalli	
6	Breast Cancer Patient and Reconstructive Consultation	63
	J. Michael Dixon and Cameron Raine	
7	Principles for Breast Reconstruction: Indications and Limits	77
	Jennifer L. Marti and Virgilio Sacchini	
8	Aesthetic Principles for Breast Reconstruction: Breast Aesthetic Units and Evaluation of Late Aesthetic Results	85
	Marcelo M. C. Sampaio and Murillo Fraga	
9	Systemic Treatment of Breast Cancer and Breast Reconstruction	91
	Sergio D. Simon	
10	Principles and Consequences of Radiotherapy for Breast Reconstruction	97
	Roberto Orecchia, Maria Cristina Leonardi and Veronica Dell'Acqua	

Part II Partial Breast Reconstruction

11	Preoperative Planning for Oncoplastic Surgery	109
	Cicero Urban and Mario Rietjens	

12	Oncoplastic Surgery: Central Quadrant Techniques	117
	Kristine E. Calhoun and Benjamin O. Anderson	
13	Periareolar Techniques	127
	Alexandre Mendonça Munhoz	
14	Superior Pedicle Techniques	139
	Muriel Greuse	
15	Inferior Pedicle Techniques	145
	Albert Losken	
16	Oncoplastic Reduction Mammoplasty: Incision Patterns, Safety Issues, and Plasticity	151
	Mahdi Rezaei, Peter Kern and Stefan Kraemer	
17	Distant Volume Flaps for Conservative Surgery	157
	Jennifer E. Rusby and Richard M. Rainsbury	
18	Nonconventional Techniques in Oncoplastic Surgery	167
	Mario Rietjens, Cicero Urban and Visnu Lohsiriwat	
19	Delayed Reconstruction After Breast-Conserving Surgery	177
	Eduardo G. González	
 Part III Breast Reconstruction After Mastectomy		
20	History and Development of Breast Implants	195
	Mario Rietjens, Marco Aurélio da Costa Vieira, Cicero Urban and Visnu Lohsiriwat	
21	Staged Implant-Based Breast Reconstruction	205
	Deirdre M. Jones and Peter G. Cordeiro	
22	One-Stage Breast Reconstruction with Definitive Form-Stable Implants	213
	Mario Rietjens, Cicero Urban, Marilyn Sandford and Flavia Kuroda	
23	The Use of Acellular Dermal Matrices in Implant-Based Breast Reconstruction	227
	Glyn Jones	
24	Immediate Implant-Based Breast Reconstruction Using Variable Lower Pole Support	235
	Michael Sheflan and Iain Brown	
25	Nipple-Sparing Mastectomy with Electron Intraoperative Radiotherapy	253
	Jean Yves Petit, Stefano Martella and Visnu Lohsiriwat	
26	Breast Reconstruction After Skin-Reducing Mastectomy	259
	A. Gustavo Zucca-Matthes, Raphael Luis Haikel and Angelo Matthes	

27 Autologous Latissimus Dorsi Breast Reconstruction	267
Emmanuel Delay and Christophe Ho Quoc	
28 Monopedicled TRAM Flap	277
Andrea Manconi	
29 Bipedicled TRAM Flap	287
Paulo Roberto Leal	
30 Free Flaps	295
Eva M. Weiler-Mithoff and Ben K. Chew	
31 Delayed Breast Reconstruction with Temporary Expanders and Definitive Implants	305
Cicero Urban, Mario Rietjens, Pedro Vinicius Staziaki and Vanessa Fiorini Furtado	
 Part IV Management of Complications	
32 Implant Exposure and Extrusion	315
Christina Garusi and Visnu Lohsiriwat	
33 Implant Rupture	321
Mauricio Resende, Cicero Urban and Mario Rietjens	
34 Inframammary Fold Reconstruction	325
Fernando Schuh, Rodrigo Cericatto, Ana Cristina Bittelbrunn, José Antônio Cavalheiro and Jorge Villanova Biazús	
35 Complications of Unipedicled TRAM Flap Reconstruction: Treatment and Prevention (and Their Influence on the Choice of the Reconstruction)	331
Jean-Marc Piat	
 Part V Refinements After Breast Reconstruction	
36 Treatment and Care of Scars in Breast Reconstruction	343
Christina Garusi and Visnu Lohsiriwat	
37 Fat Grafting in Breast Reconstruction	351
Mario Rietjens, Visnu Lohsiriwat, Andrea Manconi and Cicero Urban	
38 Nipple and Areola Complex Reconstruction	361
Francesca de Lorenzi and Visnu Lohsiriwat	
 Part VI Breast Reconstruction in Special Populations	
39 Immediate Breast Reconstruction in Pregnancy and Lactation	369
Cicero Urban, Cléverton Spautz, Rubens Lima and Eduardo Schünemann Jr	

40 Breast Reconstruction in the Elderly	375
Francesca de Lorenzi and Visnu Lohsiriwat	
41 Breast Reconstruction and Postmastectomy Radiotherapy	381
Petra J. Wildgoose, Toni Zhong and Peter G. Cordeiro	
42 Immediate Breast Reconstruction in Previously Irradiated Patients	391
Cicero Urban, A. Gustavo Zucca-Matthes, Rene Vieira and Mario Rietjens	
43 Breast Reconstruction After Aesthetic Surgery	397
Fabricio P. Brenelli	
44 Thoracic Wall Reconstruction in Local Recurrences and Advanced Cases . . .	409
Lorenzo Spaggiari, Francesco Petrella and Piergiorgio Solli	
 Part VII Other Special Considerations	
45 Systemic Impact of Breast Reconstruction	417
Giuseppe Curigliano, Janaina Brollo and Maximiliano Cassilha Kneubil	
46 Psychological Aspects of Breast Reconstruction	423
Barbara Rabinowitz	
47 Aesthetics and Quality of Life After Breast Reconstruction	431
Gabriela dos Santos and Cicero Urban	
48 Oncoplastic and Reconstructive Surgery: Qualifications, Limits, and Mentoring	441
Cicero Urban, Mario Rietjens and James Hurley II	
49 Bioethics and Medicolegal Aspects in Breast Cancer Reconstruction	447
Cicero Urban, Iris Rabinovich, James Hurley II and Mario Rietjens	
Index	459
