

Table of contents

Introduction

1. The skin: an introduction 13
N.B. Silverberg

General aspects of skin, nutrition and diet

2. Gut bacteria and skin health 27
R. Iizuka
3. The fatty acids and the skin: a focus on the n-6 family of unsaturated fatty acids 45
H.S. Hansen
4. Role of vitamin B6 in skin health and diseases 59
N. Kato
5. Antioxidants and skin: an overview 69
Y. Wu, H.-D. Chen, Y.-H. Li, X.-H. Gao and V.R. Preedy

Micronutrients

6. The skin and vitamin D 93
D.D. Bikle
7. Vitamin C, gene expression and skin health 115
T.L. Duarte and I.F. Almeida
8. Strategies for vitamin E transdermal delivery 129
S. Trombino
9. Vitamin E chemistry, biological activity and benefits on the skin 145
R. Cassano
10. Dietary tocotrienol and UVB-induced skin damage 165
K. Yamashita

Table of contents

11. Zinc and skin health: an overview <i>H.K. Bangash and A. Sethi</i>	179
12. Iron and skin health: iron stimulates skin function <i>T. Hirobe</i>	197

Nutraceuticals and skin

13. Skin photoprotection and nutraceuticals: an overview <i>P. Morganti</i>	217
14. Effect of flaxseed- and borage oil ingestion on skin conditions <i>S. De Spirt, W. Stahl and U. Heinrich</i>	233
15. Dietary red ginseng and skin protection <i>J.J. Wee and Y. Cho</i>	245
16. Dietary grape seed proanthocyanidins and skin cancer <i>S.K. Katiyar</i>	265
17. Olive oil as a skin protector <i>P. Viola, F. Nobili and M. Viola</i>	283
18. Protective effect of garlic in skin cancer <i>I. Das, A. Acharya and T. Saha</i>	301
19. Pre- and probiotics for human skin <i>A. Marini and J. Krutmann</i>	319
20. Curcumin (turmeric) and its evolving role in skin health <i>T. Gonzalez and A. Sethi</i>	333
21. Protective effects of vitamin C derivatives on skin atrophy caused by <i>Sod1</i> deficiency <i>S. Shibuya, K. Kinoshita and T. Shimizu</i>	351

Skin cancer, nutrition and diet

22. Omega-3 fatty acids and non-melanoma skin cancer <i>H.S. Black</i>	367
23. Skin cancer and folate metabolism <i>M. Laing</i>	381
24. Vitamin D and skin cancer <i>K.M. Dixon, V.B. Sequeira, A.J. Camp and R.S. Mason</i>	395

Specific skin conditions in relation to diet and nutrition

25. Acne and nutrition <i>A.I. Liakou, C.I. Liakou and C.C. Zouboulis</i>	415
26. Food allergy and atopic dermatitis <i>G. Noh, J.H. Lee and S.S. Lee</i>	425
27. Fructo-oligosaccharides and skin inflammation <i>K. Sonoyama</i>	449
