

Conrad Schulze-Bentrop

Qualitative Comparative Analysis (QCA) and Configurational Thinking in Management Studies

Index of contents

Index of figures	XI
Index of tables	XIII
1. Introduction	1
2. The nature of configurational comparative methods	9
2.1 The technique	10
2.1.1 Crisp set QCA	10
2.1.2 Fuzzy set QCA	14
2.1.3 Two challenges: Contradictions and limited diversity	27
2.2 QCA in practice: A literature review	32
2.2.1 Country-level	34
2.2.2 Organisational-level	39
2.2.3 Individual-level	43
2.2.4 General conclusions	46
2.3 The model specification in large-N designs	48
2.3.1 The relationship between conditions and cases	50
2.3.2 A formula	53
2.3.3 The importance of natural limited diversity	64
2.3.4 Three levels of limited diversity	69
2.3.5 The generation of macro-variables	72
2.3.6 Setting the consistency threshold	73
2.3.7 Hypothesising necessity and sufficiency	77
2.3.8 Gauging the model	81
3. Configurational thinking in management studies	83
3.1 Uniting configurational theories	84
3.2 The mismatch between hypotheses and method	88
3.2.1 Sufficient combinations of conditions	88
3.2.2 Necessary conditions	92

3.3	The polarities and similarities of QCA and regression.....	96
3.4	Varieties of managerial configurations.....	98
3.4.1	Strategic management.....	102
3.4.2	Human resource management.....	104
3.4.3	Organisational behaviour.....	105
3.4.4	Leadership.....	106
3.4.5	Business ethics and corporate social responsibility.....	107
3.4.6	Corporate Governance.....	108
3.4.7	Entrepreneurship.....	109
3.4.8	Marketing.....	110
3.4.9	International business.....	111
4.	An illustrative QCA: Work groups and taylorism	113
4.1	Introduction.....	113
4.2	Literature and theory.....	117
4.2.1	Previous research on holistic group work.....	117
4.2.2	A configurational approach	120
4.2.3	Hypotheses.....	124
4.3	Empirical analysis.....	126
4.3.1	Calibration of the outcome and conditions.....	126
4.3.2	Analysis of necessary conditions.....	130
4.3.3	Analysis of sufficient conditions	132
4.4	Performance of work organisations	137
4.4.1	Holistic and neo-tayloristic group work	137
4.4.2	Taylorism	140
4.5	Discussion of findings.....	142
5.	Conclusions	145
