Acknowledgments

The articles published in this collection were originally presented to an international symposium convened on the occasion of Heinrich Melchior Mühlenberg's 300th Birthday in 1711 from 24–27 August, 2011 at the Franckesche Stiftungen in Halle. This symposium was supported by a generous grant from the Fritz Thyssen Foundation for which we are very grateful. We are equally grateful to Kurt J.M. Pfund and Katarzyna Pfund who translated the contributions by Thomas Kaufmann, Udo Sträter and Thomas Müller-Bahlke. A number of institutions in Germany and in the United States kindly granted us permission to reproduce images in their possession – their generosity has been acknowledged in the proper place. The editors finally wish to express their deep appreciation to Metta Scholz and Anne Sturm, the two editors of the press, for their efforts in turning the papers into a fine volume.
