|---------------------------------------------------------------------------------------------------------------------------|-------------|
| <b>Preface.....</b>                                                                                                       | <b>V</b>    |
| <b>List of Abbreviations.....</b>                                                                                         | <b>XI</b>   |
| <b>List of Figures.....</b>                                                                                               | <b>XIII</b> |
| <b>List of Tables .....</b>                                                                                               | <b>XV</b>   |
| <b>1 Introduction.....</b>                                                                                                | <b>1</b>    |
| 1.1 Motivation and Relevance of the Topic .....                                                                           | 1           |
| 1.2 Research Goals and Structure of the Dissertation .....                                                                | 3           |
| <b>2 Main Effects of In-Store and Out-of-Store Factors on<br/>Attention and Evaluation at the Point of Purchase .....</b> | <b>7</b>    |
| 2.1 Introduction .....                                                                                                    | 7           |
| 2.2 Background of the Study .....                                                                                         | 9           |
| 2.3 The Conceptual Framework .....                                                                                        | 11          |
| 2.3.1 In-Store Factors and their Influence on<br>Attention and Evaluation.....                                            | 14          |
| 2.3.2 Out-of-Store Factors and their Influence on<br>Attention and Evaluation.....                                        | 17          |
| 2.3.3 The Organism and Response Stages:<br>Attention and Evaluation at the POP .....                                      | 18          |
| 2.4 Eye-Tracking Experiment .....                                                                                         | 20          |
| 2.4.1 Measuring Visual Attention with Eye Tracking.....                                                                   | 20          |
| 2.4.2 Design.....                                                                                                         | 22          |
| 2.4.3 Process.....                                                                                                        | 23          |
| 2.4.4 Sample .....                                                                                                        | 24          |

|          |                                                                                                                                                             |           |
|----------|-------------------------------------------------------------------------------------------------------------------------------------------------------------|-----------|
| 2.4.5    | Product Category.....                                                                                                                                       | 24        |
| 2.4.6    | Measurement of Independent Variables .....                                                                                                                  | 25        |
| 2.5      | Results.....                                                                                                                                                | 25        |
| 2.5.1    | Hypothesis Testing through Regression Analysis.....                                                                                                         | 27        |
| 2.5.2    | Mediation Analysis .....                                                                                                                                    | 32        |
| 2.6      | Discussion .....                                                                                                                                            | 38        |
| 2.6.1    | Implications for Research .....                                                                                                                             | 38        |
| 2.6.2    | Implications for Management .....                                                                                                                           | 40        |
| 2.6.3    | Limitations and Need for Further Research .....                                                                                                             | 42        |
| <b>3</b> | <b>The Impact of In- and Out-of-Store Factors' Interaction and Moderation Effects on Attention and Evaluation .....</b>                                     | <b>45</b> |
| 3.1      | Introduction .....                                                                                                                                          | 45        |
| 3.2      | Framework and Variables.....                                                                                                                                | 48        |
| 3.2.1    | S-O-R Paradigm as Overarching Framework .....                                                                                                               | 48        |
| 3.2.2    | Main Effects of In-Store and Out-of-Store Factors on Attention and Evaluation.....                                                                          | 49        |
| 3.2.3    | Moderators versus Interactions – a Working Definition.....                                                                                                  | 51        |
| 3.2.4    | Interactions between In-Store and Out-of-Store Factors and their Effects on Attention and Evaluation ...                                                    | 52        |
| 3.2.5    | Moderating Role of Gender, Age, Brand Shopper, and Reflective Shopper regarding In-Store and Out-of-Store Factors' Effects on Attention and Evaluation..... | 53        |
| 3.2.6    | Operationalization of Attention and Evaluation at the POP.....                                                                                              | 56        |
| 3.3      | Eye-Tracking Experiment .....                                                                                                                               | 57        |
| 3.3.1    | Design.....                                                                                                                                                 | 57        |
| 3.3.2    | Sample .....                                                                                                                                                | 57        |
| 3.3.3    | Process.....                                                                                                                                                | 57        |
| 3.3.4    | Measurement of Independent and Moderating Variables.....                                                                                                    | 58        |

|           |                                                                                                             |           |
|-----------|-------------------------------------------------------------------------------------------------------------|-----------|
| 3.4       | Results.....                                                                                                | 59        |
| 3.4.1     | Regression Analysis – Approach .....                                                                        | 59        |
| 3.4.2     | Regression Analysis Results – Interaction Effects<br>between Focal In-Store and Out-of-Store Factors.....   | 62        |
| 3.4.3     | Regression Analysis Results – Moderating Role of<br>Gender, Age, Brand Shopper, and Reflective Shopper..... | 63        |
| 3.4.4     | Regression Analysis Results – Conclusion.....                                                               | 64        |
| 3.5       | Discussion .....                                                                                            | 65        |
| 3.5.1     | Implications for Research .....                                                                             | 65        |
| 3.5.2     | Implications for Practice .....                                                                             | 67        |
| 3.5.3     | Limitations and Need for Further Research .....                                                             | 69        |
| <b>4</b>  | <b>Degree of Attention at the Point of Purchase and<br/>Likelihood to Choose Favorite Brand.....</b>        | <b>71</b> |
| 4.1       | Introduction .....                                                                                          | 71        |
