DIE FACHBUCHHANDLUNG

Die Online-Fachbuchhandlung beck-shop.de ist spezialisiert auf Fachbücher, insbesondere Recht, Steuern und Wirtschaft. Im Sortiment finden Sie alle Medien (Bücher, Zeitschriften, CDs, eBooks, etc.) aller Verlage. Ergänzt wird das Programm durch Services wie Neuerscheinungsdienst oder Zusammenstellungen von Büchern zu Sonderpreisen. Der Shop führt mehr als 8 Millionen Produkte.

The use of medicinal plants to treat everyday complaints and illnesses is becoming ever more popular. This pocket guide is aimed not only at doctors and members of the various healing professions interested in phytotherapy, but also in particular at interested lay people, for whom this book is intended as a practical guide in the often confusing self-treatment market. This pocket guide is based on experiences and prescriptions that have been used in Germany for many years or even decades. If necessary, they have been supplemented by US-American remedies and suggestions for use. Where possible, available scientific literature has also been taken into account. The book includes the medicinal plants most widely used in Germany, almost all of which are also used in the US, as well as their use in the treatment of major syndromes. A general section in which production processes, quality characteristics, and legal backgrounds are explained is followed by portraits of the most important medicinal plants with references to more recent scientific literature. Illnesses and possibilities of treating them with medicinal plant preparations as well as a critical evaluation of the significance of this therapy make up the next section. A specialty of this checklist is the section "Care Involving Medicinal Plants." Here special value was attached to practicability. A tabular section divided up into medicinal plants with brief summaries of remedies and references follows. Contact addresses and lists of manufacturers as well as a comprehensive table of contents round off the guide.

Ms Angelika-M. Findgott from Thieme International has done a first-class job of coordinating the work of both authors and editing the manuscripts. We, the authors, know that we echo her sentiments in wishing that this pocket guide will be a practical aid to all those who are interested in using medicinal plants and will contribute to the alleviation and curing of illnesses and complaints.

Contents

Gray Section: Fundamentals of Phytotherapy

1	Fundamentals of Phytotherapy	1
1.1	Characteristics and Status of Herbal Medicines	1
1.2	From the Plant to the Remedy	4
1.3	Constituents and Active Principles	7
1.4	Herbal Formulations	11
1.5	Prescribing Herbal Medicines	17
1.6	Determination of Doses	19
2	General Guidelines for Use of Herbal Medicines	21
2.1	Potentials and Limitations	21
2.2	Special Patient Groups	23
2.3	Basics of Administering Herbal Preparations	27
2.4	Working Techniques	29

Green Section: Plant Summaries

3	Medical Plants from A to Z	33
	Plant Summaries—A	33
	Plant Summaries—B	39
	Plant Summaries—C	44
	Plant Summaries—D	54
	Plant Summaries—E	56
	Plant Summaries—F	62
	Plant Summaries—G	70
	Plant Summaries—H	74
	Plant Summaries—I, J	79
	Plant Summaries—K	82
	Plant Summaries—L	84
	Plant Summaries—M	89
	Plant Summaries—N	96
	Plant Summaries—O	99
	Plant Summaries—P	101
	Plant Summaries—R	110
	Plant Summaries—S	114
	Plant Summaries—T	119
	Plant Summaries—U	123
	Plant Summaries—V	125
	Plant Summaries—W	127
	Plant Summaries—Y	131

Blue Section: Herbal Treatment of Diseases

4	Cardiovascular Diseases	132
4.1	Heart Failure	132
4.2	Coronary Artery Disease	134
4.3	Functional Heart Disorders	136
4.4	Hypertension	138
4.5	Hypotension	140
4.6	Circulatory Disorders	141

4.7	Vertigo and Tinnitus	142
4.8	Dementia	143
4.9	Atherosclerosis	144
4.10	Chronic Venous Insufficiency (Varicose Veins)	145
5	Respiratory Diseases	147
5.1	Diseases of the Nose and Nasal Sinuses	147
5.2	Colds and Flu	150
5.3	Bronchitis	154
5.4	Symptomatic Cough	158
6	Diseases and Dysfunctions of the Digestive Organs	161
6.1	Diseases of the Mouth and Throat	161
6.2	Anorexia	165
6.3	Reflux, Gastritis, Gastroduodenal Ulcers, Dyspepsia	169
6.4	Dyspeptic Syndrome	174
6.5	Chronic Hepatitis and Cirrhosis of the Liver	180
6.6	Diseases of the Gallbladder and Biliary Tract	182
6.7	Diseases of the Rectum and Colon	186
