## **Usage and structure: The case of clausal complementation**

|                                                                                                                                                              |   |
|--------------------------------------------------------------------------------------------------------------------------------------------------------------|---|
| What conversational English tells us about the nature of grammar:<br>A critique of Thompson's analysis of object complements<br><i>Frederick J. Newmeyer</i> | 3 |
|--------------------------------------------------------------------------------------------------------------------------------------------------------------|---|

|                                                                                                                                      |    |
|--------------------------------------------------------------------------------------------------------------------------------------|----|
| Usage, structure, scientific explanation, and the role of abstraction,<br>by linguists and by language users<br><i>Arie Verhagen</i> | 45 |
|--------------------------------------------------------------------------------------------------------------------------------------|----|

|                                                                                                     |    |
|-----------------------------------------------------------------------------------------------------|----|
| Raising verbs and auxiliaries in a functional theory of grammatical<br>status<br><i>Kasper Boye</i> | 73 |
|-----------------------------------------------------------------------------------------------------|----|

## **The rise of structure**

|                                                                                          |     |
|------------------------------------------------------------------------------------------|-----|
| How not to disagree: The emergence of structure from usage<br><i>Ronald W. Langacker</i> | 107 |
|------------------------------------------------------------------------------------------|-----|

|                                                                                             |     |
|---------------------------------------------------------------------------------------------|-----|
| Paradigmatic structure in a usage-based theory of grammaticalisation<br><i>Lars Heltoft</i> | 145 |
|---------------------------------------------------------------------------------------------|-----|

|                                                       |     |
|-------------------------------------------------------|-----|
| Where do simple clauses come from?<br><i>T. Givón</i> | 167 |
|-------------------------------------------------------|-----|

## **Structure, usage and variation**

|                                                                                                                        |     |
|------------------------------------------------------------------------------------------------------------------------|-----|
| Alternative agreement controllers in Danish: Usage or structure?<br><i>Elisabeth Engberg-Pedersen and Mads Poulsen</i> | 205 |
|------------------------------------------------------------------------------------------------------------------------|-----|

|                                                                                                                                                  |     |
|--------------------------------------------------------------------------------------------------------------------------------------------------|-----|
| Schmidt redux: How systematic is the linguistic system if variation is rampant?<br><i>Dirk Geeraerts</i>                                         | 237 |
| More tiles on the roof: Further thoughts on incremental language production<br><i>J. Lachlan Mackenzie</i>                                       | 263 |
| Reconciling structure and usage: On the advantages of a dynamic, dialogic conception of the linguistic sign<br><i>Maj-Britt Mosegaard Hansen</i> | 295 |
| <br><b>Methodology</b>                                                                                                                           |     |
| Ten unwarranted assumptions in syntactic argumentation<br><i>William Croft</i>                                                                   | 313 |
| Subject index                                                                                                                                    | 351 |
