Preface	vii
Contributors	xiii

PART I. INTRODUCTION

1 The Ins and Outs of Protein Kinase C Alexandra C. Newton	3
2 Early Studies of Protein Kinase C: <i>A Historical Perspective</i> Yasutomi Nishizuka and Ushio Kikkawa	9

PART II. EXPRESSION AND PURIFICATION

3 Expression and Purification of Protein Kinase C from Insect Cells Hideyuki Mukai and Yoshitaka Ono	21
4 Expression and Purification of Protein Kinase C δ from Bacteria Michael Gschwendt and Luise Stempka	35

PART III. MEASURING THE ACTIVITY OF PROTEIN KINASE C

5 Complexities in Protein Kinase C Activity Assays: <i>An Introduction</i> Julianne J. Sando	45
6 Enzyme Assays for Protein Kinase C Activity Julianne J. Sando and Jacquelyn K. Beals	63
7 Subcellular Translocation of Protein Kinase C Julianne J. Sando, Jacquelyn K. Beals, and Isa M. Hussaini	77

PART IV. MEASURING THE INTERACTION OF PROTEIN KINASE C WITH MEMBRANES

8 Measuring the Interaction of Protein Kinase C with Membranes: <i>An Introduction</i> Alexandra C. Newton	89
---	----

9	Fluorescence Imaging of Protein Kinase C Translocation in Living Cells Naoaki Saito	93
10	Measuring the Binding of Protein Kinase C to Sucrose-Loaded Vesicles Jennifer Giorgione and Alexandra C. Newton	105
11	Use of Stopped-Flow Fluorescence Spectroscopy to Measure Rapid Membrane Binding by Protein Kinase C Eric A. Nalefski and Alexandra C. Newton	115
12	[³ H]Phorbol 12,13-Dibutyrate Binding Assay for Protein Kinase C and Related Proteins Nancy E. Lewin and Peter M. Blumberg	129
PART V. MEASURING THE PHOSPHORYLATION OF PROTEIN KINASE C		
13	Protein Kinase C Phosphorylation: <i>An Introduction</i> Peter J. Parker	159
14	Pulse-Chase Analysis of Protein Kinase C Mikiko Takahashi and Yoshitaka Ono	163
15	PDK-1 and Protein Kinase C Phosphorylation Alex Toker	171
16	In Vitro Autophosphorylation of Protein Kinase C Isozymes Antonio M. Pepio and Wayne S. Sossin	191
17	Tyrosine Phosphorylation of Protein Kinase C Toshiyoshi Yamamoto, Emiko Yamauchi, Hisaaki Taniguchi, Hidenori Matsuzaki, and Ushio Kikkawa	207
18	Methods to Study Dephosphorylation of Protein Kinase C In Vivo Karen England and Martin Rumsby	217
19	Phosphopeptide-Specific Antibodies to Protein Kinase C Wayne S. Sossin	233
PART VI. IDENTIFYING PROTEIN KINASE C SUBSTRATES		
20	Identifying Protein Kinase C Substrates: <i>An Introduction</i> Alex Toker	247
21	A Chemical Genetic Approach for the Identification of Direct Substrates of Protein Kinases Kavita Shah and Kevan M. Shokat	253

22	Studying the Optimal Peptide Substrate Motifs of Protein Kinase C Using Oriented Peptide Libraries Michael B. Yaffe	273
PART VII. STRUCTURAL ANALYSIS OF PROTEIN KINASE C		
23	Structural Analysis of Protein Kinase C: <i>An Introduction</i> James H. Hurley	289
24	Bacterial Expression and Purification of C1 and C2 Domains of Protein Kinase C Isoforms Wonhwa Cho, Michelle Digman, Bharath Ananthanarayanan, and Robert V. Stahelin	291
25	Crystallization of the Protein Kinase C δ C1B Domain Gongyi Zhang and James H. Hurley	299
PART VIII. METHODS FOR DETECTING BINDING PROTEINS		
26	Methods for Detecting Binding Proteins: <i>An Introduction</i> Gerda Endemann and Daria Mochly-Rosen	307
27	Detection of Protein Kinase-Binding Partners by the Yeast Two-Hybrid Analysis Betty Y. Chang and Christine A. Cartwright	327
28	Glutathione S-Transferase Pull-Down Assay Deborah Schechtman, Daria Mochly-Rosen, and Dorit Ron	345
29	Overlay Method for Detecting Protein-Protein Interactions Deborah Schechtman, Christopher Murriel, Rachel Bright, and Daria Mochly-Rosen	351
30	An Overlay Assay for Detecting Protein Kinase C-Binding Proteins and Substrates Susan Jaken	359
31	Functional Proteomic Analysis of the Protein Kinase C Signaling System Jason M. Pass, Jun Zhang, Thomas M. Vondriska, and Peipei Ping	369
PART IX. PHARMACOLOGICAL PROBES FOR PROTEIN KINASE C		
32	Pharmacological Probes for Protein Kinase C: <i>An Introduction</i> Marcelo G. Kazanietz	389

33	Applications of Inhibitors for Protein Kinase C and Their Isoforms Garry X. Shen, Kerrie J. Way, Judith R. C. Jacobs, and George L. King	397
34	Phorbol Esters as Probes for the Study of Protein Kinase C Function Marcelo G. Kazanietz and Patricia S. Lorenzo	423
35	Irreversible Inactivation of Protein Kinase C Isozymes by Thiol-Reactive Peptide Substrate Analogs Catherine A. O'Brian, Nancy E. Ward, Feng Chu, and Jubilee R. Stewart	441
PART X. GENETIC APPROACHES TO STUDYING PROTEIN KINASE C		
36	Genetic Approaches to Studying Protein Kinase C: <i>An Introduction</i> Robert O. Messing	453
37	Animal Models in the Study of Protein Kinase C Isozymes Doo-Sup Choi and Robert O. Messing	455
38	Genetic Manipulation of Protein Kinase C In Vivo Alex Toker	475
39	Yeast as a Host to Screen for Modulators and Regulatory Regions of Mammalian Protein Kinase C Isoforms Amadeo M. Parissenti and Heimo Riedel	491
PART XI. PROTEIN KINASE C IN DISEASE		
40	Protein Kinase C in Disease: <i>Cancer</i> Alan P. Fields and W. Clay Gustafson	519
41	Characterization of the Role of Protein Kinase C Isozymes in Colon Carcinogenesis Using Transgenic Mouse Models Alan P. Fields, Nicole R. Murray, and W. Clay Gustafson	539
42	Alcohol Addiction M. Foster Olive and Dorit Ron	555
	Index	571
