

Oculoplastics and Orbit

Progress III

Bearbeitet von
Rudolf F. Guthoff, James A. Katowitz

1. Auflage 2009. Buch. xvi, 235 S. Hardcover

ISBN 978 3 540 85541 5

Format (B x L): 21 x 29,7 cm

[Weitere Fachgebiete > Medizin > Klinische und Innere Medizin > Augenheilkunde, Optometrie](#)

schnell und portofrei erhältlich bei

The logo for beck-shop.de features the text 'beck-shop.de' in a bold, red, sans-serif font. Above the 'i' in 'shop' are three red dots of increasing size. Below the main text, the words 'DIE FACHBUCHHANDLUNG' are written in a smaller, red, all-caps, sans-serif font.

beck-shop.de
DIE FACHBUCHHANDLUNG

Die Online-Fachbuchhandlung [beck-shop.de](#) ist spezialisiert auf Fachbücher, insbesondere Recht, Steuern und Wirtschaft. Im Sortiment finden Sie alle Medien (Bücher, Zeitschriften, CDs, eBooks, etc.) aller Verlage. Ergänzt wird das Programm durch Services wie Neuerscheinungsdienst oder Zusammenstellungen von Büchern zu Sonderpreisen. Der Shop führt mehr als 8 Millionen Produkte.

Contents

Chapter 1

Ocular Adnexal Lymphoproliferative Disease

Timothy J. Sullivan

1.1	Pathogenesis	2
1.2	Chronic Antigen Stimulation	3
1.3	Immunosuppression	3
1.4	Pathology.....	4
1.5	Cytogenetics.....	4
1.6	Clinical Features.....	7
1.7	Imaging Findings	8
1.8	Staging	9
1.9	Positron Emission Tomography	9
1.10	Treatment	9
1.11	Follicular Lymphoma	11
1.12	Mantle Cell Lymphoma.....	11
1.13	Radiotherapy	11
1.14	Chemotherapy.....	12
1.15	Immunotherapy.....	12
1.16	Radioimmunotherapy.....	13
1.17	Outcome	13
1.18	The Future	13
	References.....	14

Chapter 2

Pearls in Cosmetic Oculofacial Plastic Surgery

Jonathan A. Hoenig

2.1	General Introduction	21
2.2	The Aging Process and Facial Analysis... ..	22
2.3	Endoscopic Brow Lift	23
2.3.1	Introduction	23
2.3.2	Endoscopic Browlift Anesthesia Pearls	26
2.3.3	Endoscopic Browlift Surgical Procedure Pearls	26
2.3.4	Endoscopic Browlift Postoperative Care Pearls	27
2.4	Upper Blepharoplasty	29
2.4.1	Introduction	29
2.4.2	Patient Evaluation	29
2.4.3	Upper Blepharoplasty Anesthesia Pearls	30

2.4.4	Upper Blepharoplasty Surgical Procedure Pearls	30
2.5	Lower Blepharoplasty, Fillers, and Midface Augmentation	33
2.5.1	Introduction	33
2.5.2	Patient Evaluation.....	33
2.5.3	Lower Blepharoplasty Anesthesia Pearls	37
2.5.4	Lower Blepharoplasty Surgical Procedure Pearls	38
	References.....	44

Chapter 3

Current Concepts in the Management of Idiopathic Orbital Inflammation

Katherine A. Lane and Jurij R. Bilyk

3.1	Introduction	47
3.2	What Is the Diagnosis?	47
3.2.1	Pitfalls of Diagnosis.....	48
3.2.2	A Diagnostic Corticosteroid Trial?	54
3.2.3	The Question of Biopsy.....	56
3.3	Treatment	56
3.3.1	Corticosteroids.....	57
3.3.2	Radiation	58
3.3.3	Other Agents	58
3.4	Special Circumstances.....	60
3.4.1	Pediatric IOIS.....	60
3.4.2	Sclerosing Pseudotumor	60
3.4.3	Tolosa–Hunt Syndrome.....	62
	References.....	63

Chapter 4

Lacrimal Canicular Inflammation and Occlusion: Diagnosis and Management

David H. Verity and Geoffrey E. Rose

4.1	Introduction	67
4.2	Embryology, Anatomy, Physiology, and Pathophysiology of the Canicular System.....	67
4.3	Infective Causes.....	69

7.3.5	Birth	107
7.3.6	Associated Systemic and Ocular Diseases	107
7.3.7	Developmental Anomaly and Potential Visual Capacity of the Fellow Eye in Unilateral Disease	110
7.3.8	Neuroradiological Findings (Brain MRI) ..	111
7.3.9	Nasolacrimal System Findings	111
7.4	Discussion	112
7.4.1	Patients	112
7.4.2	Obstetric and Family History	112
7.4.3	Associated Pathologies	113
7.4.3.1	Ophthalmological Findings in Unilateral Disease	113
7.4.3.2	Neuroradiological Findings	113
7.4.3.3	Systemic Diseases	114
7.4.3.4	Nasolacrimal Duct Findings	114
7.5	Conclusions	115
	References	116

Chapter 8

Brow Suspension in Complicated Unilateral Ptosis: Frontalis Muscle Stimulation via Contralateral Levator Recession

Markus F. Pfeiffer

8.1	Introduction	117
8.2	Evaluation of Complicated Ptosis	117
8.2.1	Compensatory Eyebrow Elevation	117
8.2.2	Examples of Complicated Unilateral Ptosis with Insufficient Compensatory Brow Elevation	118
8.2.3	Innervation Patterns of the Frontalis Muscle	118
8.2.4	Checklist of Preoperative Evaluation of Complicated Ptosis	118
8.2.5	Planning Partial or Total Levator Muscle Recession Combined with Unilateral or Bilateral Brow Suspension	118
8.3	Surgical Technique of Levator Muscle Recession	119
8.3.1	Principle	119
8.3.2	Approach to the Levator	119
8.3.3	Partial Levator Recession	119
8.3.4	Total Levator Recession	119
8.3.5	The Lid-Lowering Effect and Eyelid Symmetry: Evolution of the Eyelid Level After Levator Recession	121
8.3.6	Undercorrection and Overcorrection	121
8.4	Surgical Technique of Brow Suspension	121
8.4.1	Materials for Brow Suspension	121

8.4.1.1	Nonautogenous Materials	121
8.4.1.2	Autogenous Fascia Lata	121
8.4.2	Our Technique of Harvesting Autogenous Fascia Lata	121
8.4.3	Mechanical Principals of Brow Suspension	122
8.4.4	Upper Lid Approach	122
8.4.5	Fascia Implantation	122
	References	123

Chapter 9

Modern Concepts in Orbital Imaging

Jonathan J. Dutton

9.1	Computerized Tomography	125
9.2	Three-Dimensional Imaging	129
9.3	Magnetic Resonance Imaging	129
9.3.1	The T1 Constant	130
9.3.2	The T2 Constant	131
9.3.3	Creating the MR Image	131
9.4	Imaging of Common Orbital Lesions	134
9.4.1	Adenoid Cystic Carcinoma	134
9.4.2	Cavernous Hemangioma	134
9.4.3	Dermoid Cyst	134
9.4.4	Fibrous Dysplasia	135
9.4.5	Lymphangioma	136
9.4.6	Lymphoma	136
9.4.7	Myositis	136
9.4.8	Optic Nerve Glioma	138
9.4.9	Pseudotumor	139
9.4.10	Rhabdomyosarcoma	139
9.5	Diffusion MRI (Diffusion-Weighted Imaging)	140
9.6	Positron Emission Tomography	141
9.7	Orbital Ultrasound	142
9.7.1	Physics and Instrumentation	142
9.7.1.1	Topographic Echography	143
9.7.1.2	Quantitative Echography	143
9.7.1.3	Kinetic Echography	143
9.7.2	Extraocular Muscles	145
9.7.3	Optic Nerves	146
	References	146

Chapter 10

Management of Periorbital Cellulitis in the 21st Century

Michael P. Rabinowitz and Scott M. Goldstein

10.1	Introduction	149
10.2	The Infection: Stages, Symptoms, and Effects	149
10.3	Etiology	151
10.4	Microbiology	151

10.5	Changing Pathogens and Resistance...	152	12.5	Localization	174
10.5.1	CA-MRSA Versus Hospital-Acquired MRSA	152	12.6	Clinical Features	175
10.5.2	Orbital MRSA	153	12.7	Imaging and Patterns of Orbital Metastatic Disease	176
10.6	Evaluation of Orbital Cellulitis	154	12.8	Biopsy	177
10.7	Medical Treatment of Orbital Cellulitis ..	155	12.9	Common Types of Orbital Metastases...	178
10.8	Surgical Treatment of Orbital Cellulitis ..	156	12.9.1	Breast Carcinoma	178
10.9	Prevention of Orbital Cellulitis after Orbital Fracture	158	12.9.2	Lung Carcinoma	178
	References	159	12.9.3	Prostatic Cancer	179
			12.9.4	Melanoma	179
			12.9.5	Carcinoid Tumor	179
			12.10	Differential Diagnosis	180
			12.11	Treatment	180
			12.11.1	Radiotherapy	180
			12.11.2	Chemotherapy	180
			12.11.3	Hormonal Therapy	180
			12.11.4	Surgery	181
			12.12	Prognosis and Survival	181
				References	181

Chapter 11

Current Concepts in the Management of Capillary Hemangiomas: Steroids, Beta-Blockers, or Surgery

François Codère and Julie Powell

11.1	Clinical Picture	161
11.1.1	Clinical Phases	161
11.1.2	Etiology, Histology, and Classification...	161
11.1.3	Differential Diagnosis of Infantile Hemangioma	162
11.2	Ocular Complications	163
11.3	Investigation	163
11.3.1	Angiography	164
11.4	Management	165
11.4.1	Active Nonintervention	165
11.4.2	Indications for Treatment	165
11.5	Modalities of Treatment	165
11.5.1	Steroids	165
11.5.1.1	Topical Steroids	165
11.5.1.2	Intralesional Corticosteroid Injection...	165
11.5.1.3	Oral Corticosteroids	166
11.5.2	Interferon-Alfa	166
11.5.3	Vincristine	167
11.5.4	Laser	167
11.5.5	Embolization	167
11.5.6	Surgery	167
11.5.7	Beta-Blockers: A New Promising Modality of Treatment	168
	References	170

Chapter 12

Evaluation and Management of Metastatic Orbital Tumors

Alejandra A. Valenzuela and Alan A. McNab

12.1	Introduction	173
12.2	Epidemiology	173
12.3	Biological Behavior and Timing of Metastasis	174
12.4	Lateralization	174

Chapter 13

Targeted Therapy in the Treatment of Orbital and Periorbital Malignancies

Aaron Savar and Bitá Esmaeli

13.1	Introduction	187
13.2	Rituximab	188
13.3	Yttrium-90-Labeled Ibritumomab Tiuxetan	189
13.4	Imatinib Mesylate	190
13.5	Cetuximab	191
	References	192

Chapter 14

Controversies in Enucleation Technique and Implant Selection: Whether to Wrap, Attach Muscles, and Peg?

David R. Jordan and Stephen R. Klapper

14.1	Introduction	195
14.2	Porous Orbital Implants	196
14.3	Orbital Implant Selection in Adults	199
14.4	Orbital Implant Selection in Children	200
14.5	Volume Considerations in Orbital Implant Selection	201
14.6	Orbital Implant Wrapping and Attaching Extraocular Muscles	202
14.7	Which Wrap to Use	203
14.8	To Peg or Not to Peg Porous Implants...	204
14.9	Summary	206
	References	206

Chapter 15**Non-surgical Volume Enhancement
with Fillers in the Orbit and Periorbital Tissues:
Cosmetic and Functional Considerations**

Ana M. Susana Morley and Raman Malhotra

15.1	Introduction	213	15.4	Types of Injectable Soft-Tissue Filler.....	216
15.2	Etiology and Presentation	213	15.4.1	Collagen Fillers.....	216
15.2.1	Etiology of Orbital Volume Loss.....	213	15.4.2	Hyaluronic acid Fillers	216
15.2.2	Etiology of Periorbital Volume Loss	213	15.4.3	Semipermanent Injectable Soft-Tissue Fillers.....	216
15.2.3	Features of Orbital Volume Loss.....	214	15.5	Treatment Areas	217
15.2.4	Features of PeriOrbital Volume Loss....	215	15.5.1	Orbit.....	217
15.3	Background to Injectable Soft-Tissue Fillers.....	215	15.5.2	Upper Eyelid and Brow	220
15.3.1	Historical Perspective on Volume Replacement.....	215	15.5.3	Tear Trough	220
15.3.2	Advantages of Injectable Soft-Tissue Fillers.....	215	15.5.4	Temple and Brow	223
15.3.3	Complications of Injectable Soft-Tissue Fillers.....	215	15.6	Other Periorbital Uses of Injectable Soft-Tissue Fillers.....	225
			15.6.1	Upper Eyelid Loading	226
			15.6.2	Lower Eyelid Elevation.....	226
			15.6.3	Treatment of Cicatricial Ectropion.....	226
			15.7	Future Developments	226
				References.....	227
