Preface	v
Contributors	xi
1 Large-Scale Generation of Plasmids that Express Type I Interferon Peter Härle and Daniel J. J. Carr	1
2 Identification of <i>trans</i> -Acting Factors by Electrophoretic Mobility Shift Assay Rebecca J. Chan, Min You, and Gen-Sheng Feng	7
3 Modulation of the Interferon- γ Signal by Transfection of Cells with an Antisense-RNA Expressing Vector Leen Delrue and Marc De Ley	21
4 Competitive RT-PCR to Quantify Small Amounts of mRNA Gabriela Aust	31
5 <i>In Situ</i> Hybridization for Cytokines in Human Tissue Biopsies Emily Mathey, John Pollard, and Patricia Armati	41
6 Purification, Identification, and Synthesis of Chemokines Patricia Menten, Anja Wuyts, and Jo Van Damme	47
7 Receptor Isolation and Characterization: <i>From Protein to Gene</i> Daniela Novick and Menachem Rubinstein	65
8 Crystallization of Cytokine–Receptor Complexes William J. Cook and Mark R. Walter	81
9 Biosensor Analysis of Receptor–Ligand Interactions Sheng-Jiun Wu and Irwin Chaiken	93
10 Analysis of SH2 Ligands and Identification of Sites of Interaction Manuel Baca	111
11 Assays for Antiviral Activity Anthony Meager	121
12 Assays for Cytotoxicity Anthony Meager	135

13	Assays for Chemotaxis Anja Wuyts, Patricia Menten, Nancy Van Osselaer, and Jo Van Damme	153
14	In Vitro and In Vivo Assays for High-Molecular-Weight Pegylated Muteins of Granulocyte Colony-Stimulating Factor James F. Eliason, Nadine Tare, Sharon Bowen, Tomoaki Inoue, and Ikuro Horii	167
15	Development of a Mammalian Tet-On Expression Cell Line: <i>Glucosylceramide Synthase Regulates TNF-α-Induced Apoptosis</i> Yong-Yu Liu and Myles C. Cabot	177
16	Immunohistochemical Detection of Cytokines in Human Tissue Sections Sandra Hulshof, Danny F. Dukers, Wim Vos, and Corline J. A. De Groot	193
17	Detection of Cytokine- and Chemokine-Expressing Cells at the Single Cell Level Karin Loré and Jan Andersson	201
18	Detection of Cytokine Signal Transduction "Cross-Talk" in Leukocyte Activation Howard R. Petty	219
19	Assay System for the Effect of Prostaglandin E ₂ in the Determination of Polarized Cytokine Production Etsushi Kuroda and Uki Yamashita	229
	Index	239
