

Contents

Part I Basics of Neuroanesthesia Care

- 1 The Adult Central Nervous System: Anatomy and Physiology.....** 3
Punita Sharma and Frederick Sieber
- 2 Neuroendocrine Physiology: Fundamentals
and Common Syndromes** 21
Joshua H. Atkins
- 3 Cerebral Edema: Pathophysiology and Principles
of Management.....** 39
Andrea Orfanakis
- 4 Management of Fluids, Electrolytes,
and Blood Products in Neurosurgical Patients.....** 49
Renata Rusa and Sadeq A. Quraishi
- 5 Key Monitoring in Neuroanesthesia: Principles,
Techniques, and Indications.....** 57
Martin Smith

Part II Preoperative Concerns of the Neuroanesthesiologist

- 6 Cardiovascular Risk and Instability:
Evaluation, Management, and Triage** 69
Philip E. Lund and Jeffrey R. Kirsch
- 7 Risk Assessment of Critical Carotid Stenosis Treatment:
Suggestions for Perioperative Management** 77
Elizabeth M. Macri

8 Subarachnoid Hemorrhage: Risk Assessment and Perioperative Management.....	85
Chanhung Z. Lee, Pekka Talke, and Susan Ryan	
9 Traumatic Brain Injury: Risk Assessment and Perioperative Management.....	93
Lingzhong Meng	
10 Rare Neurologic Disorders and Neuromuscular Diseases: Risk Assessment and Perioperative Management	107
Nicholas Hirsch	
11 Perioperative Pharmacotherapy in Neurosurgery: Risk Assessment and Planning	119
Alejandro E. Delfino and Hernán R. Muñoz	
12 Specific Considerations Regarding Consent and Communication with Patients and Family Prior to Neurosurgery	131
Kenneth Abbey and Chloe Allen-Maycock	
 Part III Fundamentals of Adult Neurosurgery and Neuroanesthesia	
13 Preparing for Anesthesia in Neurosurgical Patients.....	137
Andrea M. Dower and Pirjo Manninen	
14 Basics of Neurosurgical Techniques and Procedures.....	145
Kenneth C. Liu, Murat Oztaskin, and Kim J. Burchiel	
15 Positioning the Patient for Neurosurgical Operations.....	151
Alexander Zlotnik, Monica S. Vavilala, and Irene Rozet	
16 The Intra Operative Team: Getting the Most Out of Collaborative Care in the Operating Room	159
Debra A. Reeves	
 Part IV Critical Situations During Anesthesia for Brain Surgery in Adults	
17 The “Tight Brain”: Cerebral Herniation Syndrome	167
Leslie C. Jameson, Paul D. Mongan, Daniel J. Janik, and Tod B. Sloan	
18 Cerebral Ischemia: Options for Perioperative Neuroprotection	175
Martin Soehle	
19 Massive Hemorrhage During Craniotomy: Emergency Management.....	185
Lawrence Lai and Audrée A. Bendo	

20	Challenges During Anaesthesia for Awake Craniotomy	197
	Judith Dinsmore	
21	Perioperative Challenges During Stereotactic Neurosurgery and Deep Brain Stimulator Placement.....	207
	Mitchell Y. Lee and Marc J. Bloom	
22	Perioperative Challenges During Posterior Fossa Surgery.....	213
	Martin Schott, Dieter Suhr, and Jan-Peter A.H. Jantzen	
23	Perioperative Challenges During Release of Subdural and Epidural Hemorrhage	223
	Walter van den Bergh and Olaf L. Cremer	
24	Perioperative Challenges During Cerebrovascular Surgery.....	235
	Jeremy D. Fields, Kenneth C. Liu, and Ansgar M. Brambrink	
25	Perioperative Challenges During Pituitary Surgery.....	247
	Shuji Dohi	
26	Perioperative Challenges During Craniotomy for Space-Occupying Brain Lesions	255
	Chanannait Paisansathan and Verna L. Baughman	
 Part V Critical Situations During Anesthesia for Spinal Surgery in Adults		
27	Perioperative Challenges in Patients with Unstable Spine.....	267
	Carl Helge Nielsen	
28	Airway Crisis Associated with Cervical Spine Surgery	275
	Edward Crosby	
29	Spinal Cord Injury During Spinal Surgery	283
	Masahiko Kawaguchi	
30	Blood Loss During Spinal Surgery	289
	Matthew T.V. Chan and Patricia K.Y. Kan	
31	Coagulopathy in Spinal Surgery.....	299
	Andrew H. Milby, Casey H. Halpern, and James M. Schuster	
32	Postoperative Visual Loss Following Spinal Surgery	307
	Lorri Lee	
 Part VI Critical Situations During Anesthesia for Other Procedures Directly Affecting the Central Nervous System		
33	Perioperative Challenges During Diagnostic and Perioperative Magnetic Resonance Imaging (MRI).....	319
	Peter A. Farling and Richard C. Corry	

34 Perioperative Challenges During Electroconvulsive Therapy (ECT)	331
Carrie C. Bowman and James G. Hilliard	
35 Perioperative Challenges During Carotid Artery Revascularization	341
Ursula Schulz and Peter Rothwell	
 Part VII Specific Perioperative Concerns in Adult Neuroanesthesia	
36 Venous Air Embolism During Neurosurgery	355
Liping Zhang, Min Li, and Chris C. Lee	
37 Arterial Hypotension and Hypertension During Neurosurgical Procedures	363
Kirstin M. Erickson and Daniel J. Cole	
38 Hyperthermia and Hypothermia During Neurosurgical Procedures	371
Akiva Leibowitz, Evgeni Brotfain, and Yoram Shapira	
39 Challenges Associated with Perioperative Monitoring During Neurosurgery	385
Osama Ahmed and Claudia Robertson	
40 Unintended Wake-Up During Neurosurgery	391
Jeffrey Yoder and Chris C. Lee	
41 Cardiac Arrest/Code	397
Michael Bernhard, Jürgen Knapp, and Bernd W. Böttiger	
42 Arousal from Anesthesia After Neurosurgical Operations	409
W. Scott Jellish	
43 Communication Challenges During the Perioperative Period	419
David Murray	
 Part VIII Fundamentals of Pediatric Neurosurgery and Neuroanesthesia	
44 Anatomy and Physiology of the Central Nervous System in Children	429
Stuart Friess, Todd J. Kilbaugh, and Mark Helfaer	
45 Pediatric Anesthetic Care Requirements	435
Gregory J. Latham and Donald Shaffner	
46 The Pediatric Airway in Neurosurgery	447
Debra E. Morrison and Zeev N. Kain	

47 Specific Aspects of Positioning and Fluids, Glucose, and Temperature Management in Children Undergoing Neurosurgical Procedures	457
Gerhard K. Wolf, John H. Arnold, and Sulpicio G. Soriano	
Part IX Critical Situations During Anesthesia for Pediatric Surgery	
48 Challenges During Surgery for Hydrocephalus	465
Inger Aliason and Jeffrey Koh	
49 Challenges During Surgery for Traumatic Brain Injury	475
Chinwe Ajuba-Iwuji and Dolores B. Njoku	
50 Challenges During Surgery for Meningomyelocele and Encephalomyelocele	485
Allison Kinder Ross	
51 Challenges During Cranial Decompression.....	497
Todd J. Kilbaugh, Stuart Friess, and Mark Helfaer	
52 Challenges During Surgery for Craniosynostosis and Craniofacial Surgery	505
Heike Gries and Jeffrey Koh	
53 Challenges During Tumor Surgery in Children and Infants.....	515
Christopher Karsanac and Jayant Deshpande	
54 Challenges During Surgery for Vascular Anomalies in Pediatrics	523
Edward R. Smith, Craig D. McClain, and Sulpicio G. Soriano	
55 Challenges During Epilepsy Surgery in Pediatric Patients.....	531
Abraham Rosenbaum and Zeev N. Kain	
56 Challenges During Pediatric Endoscopic Neurosurgery	539
Nina Deutsch	
Part X Postoperative Concerns in Neuroanesthesia for Children and Infants	
57 Emergence from Anesthesia Following Pediatric Neurosurgery	549
Kirk Lalwani	
58 Postanesthesia Care Unit Risks Following Pediatric Neurosurgery	559
Sally E. Rampersad and Lynn D. Martin	
59 Intensive Care Risks of Pediatric Neurosurgery	565
Craig D. McClain and Michael L. McManus	

Part XI Fundamentals of Interventional Neuroradiology

- 60 Radiation Safety in Interventional Neuroradiology** 577
Justin P. Dodge, Neil E. Roundy, and Kenneth C. Liu
- 61 Understanding Basic Techniques and Procedures
in Interventional Neuroradiology** 583
Kenneth C. Liu, Lori E. Guidone, and Stanley L. Barnwell
- 62 Basics of Image Interpretation in Interventional Neuroradiology** 587
Wibke Müller-Forell

Part XII Specific Concerns Regarding Anesthesia for Interventional Neuroradiology

- 63 Procedural Challenges in Interventional Neuroradiology** 601
William L. Young
- 64 Anesthesiological Challenges During
Neuroradiological Interventions** 611
Michael Aziz and Ansgar M. Brambrink
- 65 Specific Challenges During Neuroradiological
Interventions in Pediatric Patients** 621
Tariq Parray and Timothy W. Martin

Part XIII Challenges During Postoperative Anesthesia Care After Neurosurgery

- 66 Surgical Emergencies After Neurosurgery** 637
R. Alexander Schlichter
- 67 Airway Emergencies After Neurosurgery** 645
Yulia Ivashkov and Karen B. Domino
- 68 Neurologic Emergencies After Neurosurgery** 657
Doortje C. Engel and Andrew Maas
- 69 Hemodynamic Complications After Neurosurgery** 669
Jeffrey Yoder and Rene Tempelhoff
- 70 Endocrinologic Emergencies After Neurosurgery** 679
Ola Harrskog and Robert E. Shangraw
- 71 Postoperative Paralysis, Skin Lesions, and Corneal
Abrasions After Neurosurgery** 689
Martin H. Dauber and Steven Roth
- 72 Post-operative Pain Management in Patients
After Neurosurgical Operations** 697
Mary Newton and Tacson Fernandez

73	Management of Postoperative Nausea and Vomiting After Neurosurgery	709
	Concezione Tommasino	
74	The Transport of Neurosurgical Patients	719
	Laurel E. Moore	
Part XIV Challenges in Neurocritical Care of Neurosurgical Patients		
75	Altered Mental Status in Neurosurgical Critical Care	731
	Christoph S. Burkhart, Stephan P. Strebel, and Luzius A. Steiner	
76	Cerebrovascular Vasospasm, Normal Pressure Breakthrough Edema, Posterior Reversible Encephalopathy Syndrome (PRES) in Neurosurgical Critical Care	741
	Syed Arshad and José I. Suarez	
77	Sedation, Analgesia, and Neuromuscular Blockade in Neurosurgical Critical Care	749
	Miko Enomoto and Ansgar M. Brambrink	
78	Airway and Pulmonary Management in Neurosurgical Critical Care	759
	Edward M. Manno	
79	Myocardial and Vascular Management in Neurosurgical Critical Care	767
	E. Paige Gerbic and Valerie Sera	
80	Nutrition and Glucose Management in Neurosurgical Critical Care	777
	Michael J. Souter and Arthur M. Lam	
81	Fluid and Electrolyte Management in Neurosurgical Critical Care	785
	Guillermo Buggedo and Luis Castillo	
82	Temperature Management in Neurosurgical Critical Care	801
	Martin H. Dauber	
83	Coagulation Management in Neurosurgical Critical Care	811
	Sarice Bassin and Thomas Bleck	
84	Gastrointestinal Hemorrhage in Neurosurgical Critical Care	823
	Meghan Bost and Kamila Vagnerova	
85	Intracranial Monitors in Neurosurgical Critical Care	833
	Patricia Harper Petrozza	
86	Central Nervous System Infection in Neurosurgical Critical Care	841
	Mary K. Sturaitis	

87	Antiepileptic Drug Therapy in Neurosurgical Critical Care	851
	Panayiotis N. Varelas and Denise H. Rhoney	
88	Withdrawal of Mechanical Ventilation in Neurosurgical Critical Care.....	859
	Paul Bascom	
89	Brain Death in Neurosurgical Critical Care.....	865
	Amit Prakash and Basil Matta	
90	Organ Donation in Neurosurgical Critical Care.....	871
	Pamela A. Lipsett	
91	Interaction with Family and Friends in Neurosurgical Critical Care.....	881
	Amy E. Guthrie, Robert Hugo Richardson, and Mary Denise Smith
