

Contents

Part I An Introduction to Transdisciplinary Research	
1 Introducing a Transdisciplinary Approach to Applied Urban Health Research	3
Patricia O’Campo, Maritt Kirst, Nicole Schaefer-McDaniel, and Stephen Hwang	
2 Benefits and Challenges of Transdisciplinary Research for Urban Health Researchers	13
Nicole Schaefer-McDaniel and Allison N. Scott	
3 In Search of Empowering Health Research for Marginalized Populations in Urban Settings: The Value of a Transdisciplinary Approach	23
Maritt Kirst, Jason Altenberg, and Raffi Balian	
Part II Examples of Transdisciplinary Research	
4 Reducing Health Disparities Experienced by Refugees Resettled in Urban Areas: A Community-Based Transdisciplinary Intervention Model	41
Jessica R. Goodkind, Ann Githinji, and Brian Isakson	
5 The Street Health Report 2007: Community-Based Research for Social Change	57
Erika Khandor and Kate Mason	
6 Safety as a Social Value: Revisiting a Participatory Case Study in Scotland	69
Helen Roberts, Susan J. Smith, Betty Campbell, and Cathy Rice	
Part III The Process of Transdisciplinary Research	
7 Methodological Notes on Conducting Transdisciplinary Research	83
Patricia G. Erickson and Jennifer E. Butters	

8 Collaborative Processes in Transdisciplinary Research	97
Shalini Misra, Kara Hall, Annie Feng, Brooke Stipelman, and Daniel Stokols	
9 From Complex Problems to Complex Problem-Solving: Transdisciplinary Practice as Knowledge Translation	111
Kelly Murphy, Beverly Wolfus, and Aisha Lofters	
Part IV Moving Forward	
10 Transdisciplinary Training in Health Research: Distinctive Features and Future Directions	133
Shalini Misra, Daniel Stokols, Kara Hall, and Annie Feng	
11 Funding Agencies and Transdisciplinary Research	149
Joy L. Johnson and Sharon Hrynkow	
12 Moving Forward: The Future of Transdisciplinary Health Research	161
Maritt Kirst, Nicole Schaefer-McDaniel, Stephen Hwang, and Patricia O'Campo	
Subject Index	169
