Series Editor Introduction vii

Foreword xi

Preface xiii

Contributors xvii

1 Introduction 1
Connie M. Weaver and Robert P. Heaney

I CALCIUM FUNCTIONS

2 Bone as the Calcium Nutrient Reserve 7
Robert P. Heaney

3 Cellular Functions and Fluxes of Calcium 13
Emmanuel M. Awumey and Richard D. Bukoski

II TECHNIQUES FOR STUDYING CALCIUM METABOLISM
AND ITS RELATIONSHIP TO DISEASE

4 Nutritional Epidemiology: *Dietary Assessment Methods* 39
Carol J. Boushey

5 Clinical Approaches for Studying Calcium Metabolism
and Its Relationship to Disease 65
Connie M. Weaver

6 Kinetic Studies 83
Meryl E. Wastney, Yongdong Zhao, and Connie M. Weaver

III CALCIUM CONSUMPTION, REQUIREMENTS, AND BIOAVAILABILITY

7 Requirements for What Endpoint? 97
Robert P. Heaney and Connie M. Weaver

8 Dietary Calcium: *Recommendations and Intakes Around
the World* 105
Anne C. Looker

9 Food Sources, Supplements, and Bioavailability 129
Connie M. Weaver and Robert P. Heaney

IV CALCIUM HOMEOSTASIS

10 The Calcium Economy 145
Robert P. Heaney

11 Molecular Regulation of Calcium Metabolism 163
James C. Fleet

12	Influence of Total Diet on Calcium Homeostasis	191
	<i>Zamzam K. (Fariba) Roughead</i>	
13	Influence of Lifestyle Choices on Calcium Homeostasis: <i>Smoking, Alcohol, and Hormone Therapies</i>	209
	<i>D. Lee Alekel, and Oksana Matvienko</i>	
14	Influence of Physical Activity on Calcium and Bone	227
	<i>Matthew Vukovich and Bonny Specker</i>	
15	The Case for a Calcium Appetite in Humans	247
	<i>Michael G. Tordoff</i>	
V	CALCIUM THROUGH DEVELOPMENT	
16	Infancy and Childhood	269
	<i>Steven A. Abrams and Keli M. Hawthorne</i>	
17	Pre-Puberty and Adolescence	281
	<i>Connie M. Weaver</i>	
18	Calcium in Pregnancy and Lactation	297
	<i>Heidi J. Kalkwarf</i>	
VI	CALCIUM AND DISEASE	
19	Calcium in Systemic Human Health	313
	<i>Robert P. Heaney</i>	
20	Calcium and Oral Health	319
	<i>Elizabeth A. Krall</i>	
21	Dietary Calcium and Obesity	327
	<i>Dorothy Teegarden</i>	
22	Polycystic Ovary Syndrome and Reproduction	341
	<i>Susan Thys-Jacobs</i>	
23	Premenstrual Syndrome	357
	<i>Susan Thys-Jacobs</i>	
24	Calcium Throughout the Life Cycle: <i>The Later Years</i>	371
	<i>Bess Dawson-Hughes</i>	
25	Calcium, Vitamin D, and Cancer	387
	<i>Peter R. Holt</i>	
26	Dietary Calcium and the Metabolic Syndrome	401
	<i>Dorothy Teegarden</i>	
27	Calcium and Phosphate Control in Patients With Renal Disease	411
	<i>David A. McCarron and Robert P. Heaney</i>	
28	Hypertension and Cardiovascular Disease	421
	<i>David A. McCarron</i>	
	Appendices	433
	Index	443
