Preface

Editors, Authors, and Acknowledgements

Introduction

List of Abbreviations

I Challenges in the Pharmaceutical Industry

Gerrit Reepmeyer and Michael Kickuth

I.1 Declining R&D Productivity
I.2 Changing Market Conditions
I.3 Increasing Competition
I.4 Increasing Costs and Low Operating Efficiency
I.5 Implications for Manufacturing

II A Reference Model for Operational Excellence

Michael Kickuth, Thomas Friedli, Christoph H. Loch, and Stephen E. Chick

II.1 Introduction
II.2 Management Quality and Factory Performance
II.3 Developing the Operational Excellence Reference Model for the OPEX project
Contents

III The Status of the Pharmaceutical Industry

Michael Kickuth, Thomas Friedli, Peter Thaler, Daniel Tykal, and Hermann Osterwald

III.1 How Do Pharmaceutical Companies Respond to the Changing Environment? 55

III.2 Cost Savings Potential - What is the Main Leverage for Streamlining Operations? 56

III.3 Linking Practice to Performance: Testing the Operational Excellence Model 58

III.4 Linking Operational Excellence to Overall Plant Performance 68

III.5 Does Operational Excellence Matter from a Corporate Perspective? 69

III.6 Insights from the Plant Audits 70

III.7 Special Insights from a Contract Manufacturer – The Case of NextPharma

IV Operational Excellence in the Pharmaceutical Industry: Case Studies from the Field

Michael Kickuth, Thomas Friedli, Daniel Tykal, Marek Szwejczewski, Keith Goffin, Malcolm Wheatley, Bart Bastoen, Bart Dewolf, David Hampton, Christian Ewers, Christoph H. Loch, Stephen E. Chick, and Bruce Ramsay

IV.1 Case Study: Launching an Operational Excellence Initiative in a Global Pharmaceutical Company - The Case of Pfizer Inc. 82

IV.2 Case Study: The Capsugel Way to Operational Excellence 95

IV.3 Case Study: Maximizing Equipment Effectiveness at Reckitt Benckiser 102

IV.4 Case Study: Achieving 6-Sigma Levels at a Pharmaceutical Plant 110

IV.5 Lean Compliance: Implementing Just-in-Time (JIT) in a Regulated Environment 124

IV.6 The Role of Management Quality in the Context of Operational Excellence 131

IV.7 Stages of Operational Excellence 138
The Pharmaceutical Plant of the Future

Michael Kickuth and Thomas Friedli

V.1 The Pharmaceutical Industry in 2010
147
V.2 Implications for Manufacturing
150
V.3 How To Respond?
153
V.4 The Plant of the Future
164
