## Section 1 – The development of adult ADHD as an epidemiological concept

- 1 **The course and persistence of ADHD throughout the life-cycle** 1  
Joseph Biederman
- 2 **The prevalence and correlates of adult ADHD** 9  
Ronald C. Kessler, Leonard A. Adler, Russell Barkley, Joseph Biederman, C. Keith Conners, Laurence L. Greenhill, and Thomas Spencer
- 3 **Gender differences in ADHD** 18  
Patricia Quinn

## Section 2 – Insights into the pathophysiology of ADHD in adults

- 4 **Quantitative and molecular genetic studies of attention-deficit hyperactivity disorder in adults** 25  
Philip J. Asherson, Florence Levy, and Steve V. Faraone
- 5 **Structural and functional magnetic resonance imaging findings in adults with ADHD** 49  
Yannis Paloyelis and Philip J. Asherson
- 6 **Electrophysiological studies of adult ADHD** 66  
Gráinne McLoughlin, Jonna Kuntsi, and Philip J. Asherson
- 7 **Emission tomography in adult ADHD** 75  
Mitul A. Mehta and Johanna Krause

---

## Section 3 – Assessment and diagnosis of adult ADHD

- 8 **Diagnosing ADHD in adults** 91  
Leonard A. Adler and David Shaw
- 9 **Neurocognitive characteristics of adults with attention-deficit hyperactivity disorder** 106  
Jonathan H. Dowson and Andrew D. Blackwell

## Section 4 – Comorbidities of adult ADHD

- 10 **Adult ADHD and mood disorders** 121  
Thomas E. Brown
- 11 **Attention-deficit hyperactivity disorder and anxiety disorders in adults** 130  
Margaret Weiss, Christopher Gibbins, and Julia D. Hunter
- 12 **Attention-deficit hyperactivity disorder and the substance use disorders** 138  
Timothy E. Wilens
- 13 **Adult ADHD and organic brain disorders (including psychotic symptoms and tics)** 151  
Asko Niemela
- 14 **Overlap between ADHD and autism spectrum disorder in adults** 157  
Christopher Gillberg, I. Carina Gillberg, Henrik Anckarsäter, and Maria Råstam
- 15 **ADHD in adults with intellectual disabilities** 168  
Kiriakos Xenitidis, Eleni Paliokosta, Vangelis Pappas, and Jessica Bramham

Cambridge University Press

978-0-521-86431-2 - ADHD in Adults: Characterization, Diagnosis, and Treatment

Edited by Jan K. Buitelaar, Cornelis C. Kan and Philip J. Asherson

Table of Contents

[More information](#)

## Contents

- 16 **ADHD, personality, and its disorders** 174  
Fiona E. van Dijk and Henrik Anckarsäter

## Section 5 – Pharmacological treatment of adult ADHD

- 17 **Stimulant treatment of adult ADHD** 191  
Thomas Spencer and Joseph Biederman
- 18 **The use of nonstimulant drugs in the treatment of adult ADHD** 198  
Wim J. C. Verbeek and Siegfried Tuinier
- 19 **Medication management in adult ADHD** 218  
J. J. Sandra Kooij
- 20 **Abuse potential of stimulant drugs used to treat ADHD** 230  
Scott H. Kollins

## Section 6 – Psychological and social treatment strategies for adult ADHD

- 21 **Psychoeducation for adults with ADHD: Impressions from the field** 240  
Anne M. D. N. van Lammeren and Richard Bruggeman

- 22 **Coaching in ADHD** 247  
Doris Ryffel

- 23 **Clinical application of research on cognitive-behavioral therapies for adults with ADHD** 254  
Stephen P. McDermott

## Section 7 – Alternative biological treatments

- 24 **Neurofeedback training for adult ADHD** 271  
Seija Sirviö and Ylva Ginsberg
- 25 **Alternative and complementary treatments for ADHD** 278  
Lacramioara Spetie and L. Eugene Arnold

- Afterword: ADHD in adults – toward a new definition in DSM-V** 297  
Jan K. Buitelaar
